ABOUT US

Apsa Safety Consultancy is a trusted UAE-based provider of professional Health, Safety, and Environment (HSE) solutions, committed to helping organizations achieve the highest standards of workplace safety and regulatory compliance. Backed by a team of experienced HSE professionals, we have successfully served clients across the UAE, the UK, Europe, Singapore, India, and the wider MENA region. Our expertise includes comprehensive HSE training programs, marine lifting equipment inspections and certifications, and the development of practical, user-friendly HSE management and compliance systems tailored to industry requirements. Licensed by the Government of Dubai and accredited by the Emirates International Accreditation Center (EIAC), Apsa Safety Consultancy delivers certified training programs recognized by the Knowledge and Human Development Authority (KHDA), ensuring quality, credibility, and excellence in every service we provide.

KEY PRINCIPLES

Our team consists of highly experienced trainers and inspectors who are subject matter experts in their fields. We carefully select them for their deep knowledge and excellent teaching skills.

We have a strong focus on ethics. We never switch trainers unless there's an emergency and everyone agrees, and we respect the work that goes into training by never changing the materials presented.

We encourage continuous learning, and keeping up-to-date with industry advancements is crucial.

Our courses use a variety of engaging methods to maximize learning and your investment.

We take a proactive approach to safety, safeguarding people, the environment, and the smooth running of our operations

**ENSURING SAFETY.
